REAL ESTATE

We have been primary legal counsel advisors to some of the area's most important developers and real estate investors since our founding in 1925. Our real estate attorneys represent REITs, developers, financial institutions, private equity investors, single-purpose business entities, and individuals across the full range of real estate-related issues including financing, taxation, zoning, and contracting.

Our significant investments in human capital and technology permit us to handle efficiently the full scope of real estate matters—from straightforward residential real estate closings to sophisticated commercial transactions.
